

CALL FOR ABSTRACTS

On-line abstract submission for the COEHRE Conference, 18-20th of November 2024, will be opened soon. The conference will be hosted by Odisee University of Applied Sciences and Artevelde University of Applied Sciences in Ghent, Belgium.

If you are not able to come to the conference, but you want to present your research study or practice development through online webinars, there will be the possibility to indicate this at the submission platform. COEHRE will organize online webinars throughout the year with the accepted abstracts submitted for this new way of presentation. We want to move research forward and closer to all the members including those who are not able to attend the conference.

The theme of the conference will be

Revolutionising Health Education: The impact of Innovative Practice

4 sub-themes:

1. Simulation as a learning method

- Educational tool in healthcare
- Learn and practice essential skills in a safe and controlled environment
- Simulated patients by peers and actors
- Benefits
- Enhance learning outcomes
- Improve patient safety
- Imitate real-life situations and therefore prepare for internships
- Evaluate student competences within simulation education

2. Living Labs

- Real-world context
- Promote innovation
- Contribute to innovation and development process
- Co-creation/Co-design
- Rapid prototyping and testing
- Facilitators connecting citizens, research organisations, businesses, and government entities
- Impact
- Evaluating student competencies in living lab experiences

3. Integration of AI in teaching

- Integration of AI technology in healthcare education
- Revolutionise training of professionals
- How to prepare students of using AI for better patient outcomes
- Advantages and drawbacks of incorporating AI technology in healthcare education
- Enhance the quality of education and student learning experiences
- Challenges: evaluation, pedagogy, educational frameworks, educational ethics
- AI in writing thesis

4. Other

- Inspiring abstracts under the umbrella of innovative practice in health care

We welcome abstracts (oral presentations, posters, workshops and online webinars) no longer than 2300 characters including spaces (around 350 words) in the following presentation categories:

- Research Study or Practice Development
- Innovative Educational Project

DEADLINE FOR SUBMISSION: 23.08.24
